

Minutes

Newman Lake Flood Control Zone District Advisory Board

Supplemental Meeting on Budget

July 25, 2022 - 12:00 to 12:45 pm

Attendees: K. Stebbins, L. Gould, P. Phipps, D. Clark, S. Kennedy, J. Quigley;

absent: S. Schleer

Quorum Present

Secretary Assigned

Budget assumptions from last meeting with NLFCZD staff:

- 19% increase in alum for surface treatment
- ARP funds are likely to pay for some staff time.
- Flat amount of assessment increases.

Discussion of board interests for 2023:

- Liminologist/lake study, particularly focusing on alum dosing, application and timing, as well as effectiveness of surface v. line treatment
 - May need a DOE permit for whole lake treatment
- Lake report to set us up for new equipment
-

Action: roll call vote on COLA, no one in support

Followup:

- Ask staff for updated budget with the ARP assumptions built in (Karen)
- Discuss with staff where else can we get funding from limnologist, and other upkeep items not in budget, like dredging channel (Karen)
- Contact Newman Lake community webmaster to post ARP award announcement (Stephanie)
- Send ARP award announcement to Spokesman Review outdoor editor (LeaAnn)

Respectfully submitted, Polly Phipps
