

Golf Cart Trail Fee Waiver Promotion 2023

We're excited to announce a special promotion for the 2023 golf season!

Spokane County is now offering a Golf Cart Trail Fee Waiver for individuals actively receiving Social Security disability benefits from the Social Security Administration, a federal agency. Qualified golfers will be eligible to use their privately owned (approved) golf carts on Spokane County Golf courses—with all associated trail fees waived.

Eligibility Criteria: Individuals looking to obtain a waiver must be able to provide Social Security Administration documentation showing the individual is receiving Social Security disability benefits.

How do I take advantage of this limited offer? Each individual requesting a Trail Fee Waiver must submit this application and Social Security documents to the Spokane County Parks, Recreation & Golf Administrative Office (404 N. Havana St., Spokane, WA 99202). The Golf Department will review the documents provided, and either find the individual is a “qualified individual” and authorize a fee waiver for the 2023 golf season or decline the request if documentation does not demonstrate / satisfy criteria. Please be patient as we review your submitted materials. Our goal is to review the materials within a week or two from the date of receiving the application and Social Security documents, if not sooner. See application for additional details and submission options. Submitted applications shall be retained by county, all supporting documentation shall not be retained and will be returned to applicant or otherwise disposed of.

Disclaimer: Additional rules and regulations apply. This promotion may be modified, altered or discontinued without notice.

For additional questions, please contact Spokane County Parks, Recreation & Golf Department at (509) 477-4730.
