June 19, 2019

On behalf of Kathleen Torella:

Good afternoon, Regional Partners,

In cooperation with DSHS Behavioral Health Administration, Michael Miller, we would like to invite you to attend a DSHS Trueblood Project Management Team Visit on Friday, **July 19** at **10:00am - Noon** at the Spokane Regional Health District's Auditorium (1101 W. College Ave., Spokane, WA).

DSHS' meeting goals are **highlighted** in the email below. Additionally, it will be an opportunity for us to discuss our region's priorities for the Trueblood Settlement Agreement Phase 1 implementation, and ask questions of DSHS related to the implementation and funding.

We will offer a conference line for those who cannot attend in person. So, please save the date and RSVP to JNapier@spokanecounty.org to let her know if you will attend in person or by phone.

Thank you. Kathleen

Subject: DSHS Trueblood Project Management team visit to the Spokane region

Hello,

Aura MacArthur let me know that you have expressed an interest in an upcoming DSHS Trueblood project manager meet & greet in the Spokane region. I am part of Aura's team and am building the contacts and logistics for this trip.

We are working toward a tentative target of **July 18-19** and value your input on location and timing.

COMMUNITY SERVICES, HOUSING, AND COMMUNITY DEVELOPMENT DEPARTMENT

Goals:

- Meet stakeholders and partner groups that may be impacted by Trueblood implementation
- Understand your organization's priorities and services
- Provide high-level information on the Settlement Agreement and DSHS programs
- Provide connections for more information

Assuming that we will be able to find a date/time slot that works, would you also be reaching out to other organizations in the area? We would like to connect with as many different entities as possible, though I would like to avoid outreach efforts for contacts that you may already have in place.

Please let me know if the dates above are viable and if you would be inviting other groups to join. Feel free to call me at the contact information below.

Thank you,
