

Animal Evacuation in an Emergency

In an emergency, there are reliable options available to assist with evacuating animals. Build your plan now to safely evacuate your animals if needed.

SIGN UP FOR ALERTS

Register with Alert Spokane to be notified of elevated evacuation levels and other emergencies. AlertSpokane.org

KNOW WHEN TO EVACUATE

Level 1 - Get **READY** to leave

Level 2 - Get **SET** to leave

A Level 2 Evacuation is the recommended time for you to start evacuating if you have animals.

Level 3 - **GO**, leave now

REQUEST HELP

If you need additional help evacuating animals, call 911 to request assistance. Give your name and phone number.

WHAT HAPPENS?

Upon calling 911, your contact information is relayed to SLEET via Spokane County Emergency Management.

WHO IS HELPING: SLEET

Trained Spokane County Livestock Emergency Evacuation Team members work with first responders to safely evacuate animals.

PROCESS

Using the information provided to 911, SLEET and first responders will strive to evacuate the animal(s) using safe routes. SLEET will stay in touch with the owners and inform them of where and how they can reunite with their animal(s).
