

About Parkside Books:

Parkside Books is a joint venture between Spokane County Library District (SCLD) and Spokane County Parks, Recreation and Golf. Between April- October, SCLD will provide books to go into the Parkside Books space in the LLRP office building. This is a seasonal lending library. This is season one of a three-year pilot while we determine if having a lending library in the future visitor's center would be a well-received amenity for the community.

How it works:

Park guests will enter Parkside Books and leave with the materials they want to borrow. The space is un-staffed and works as a lending library where check out and return is honor system based. A "check-out" sheet asks park guests to share the zip code they are visiting from, the number of books they borrowed, and the number of books they returned.

We hope people will share this information so SCLD can track use, but it is not required.

Parkside books will be open daily from 9 to 6 pm during park season until October 1st. There is a phone number for LLRP on the door in case guests have an emergency.

The library separated the books into youth books on one side and adult books on the other side.

SCLD will send staff once a month to replenish the number of books on the shelves.

Frequently asked questions:

When is Parkside Books open? Daily, 9am-6pm April, thru October.

Do people need a library card to "check out" books? No

Do books have to be returned here? No, they can be returned at Parkside Books or any other Spokane County Library District location, <https://www.sclld.org/locations/>
